ROUND WOODEN MOUSE TRAP

To capture live mice.
Round metal cage on a wooden board with an entrance hole.
Anti-return system. To release the mouse just open the trap door underneath the trap.

Reference	Description	Gencode
129814	Cage mouse trap with wooden board	7640104977087 

ROUND WOODEN MOUSE TRAP 12 CM

Ideal cage trap to catch mice with bait. Very easy to use, simply open the hatch and place the bait on the bait holder and place the trap in an area where mice are present. The mouse is attracted to the bait and enters the trap cage, which closes behind it. The mouse is trapped alive, and you can release it elsewhere. The trap's wooden base ensures optimum rigidity and reassures the animal!

Reference	Description	Gencode
129800001	L 12 x l 5,5 x H 6 cm	3338020080267

MOUSE TRAP 23 CM

This mouse trap is easy to use. Simply place some bait in the back of the cage, which is accessible through a door. You can then place your trap in the desired location and wait for the mice to fall into the trap. This 23 cm trap is large enough to capture one or more live mice at the same time. No poison is involved, so it is safe for children and pets and can be used anywhere in the house, garage, attic or any other location. The bars of the trap are made of galvanised steel, to ensure a long service life.

Reference	Description	Gencode
129800	L 23 x l 15 x H 12 cm	3338020078615

 **Tips :** Open the cage and place the bait in the middle of the cage.
Close the trap and place it in an area frequented by rodents.
Check daily. Once caught, rodents can be released elsewhere.

RECTANGULAR MOUSE TRAP 23 CM

Multi-catch cage mouse trap. Easy to use. Simply place some bait in the back of the cage which is accessible through a door. You can then place your trap in the desired location and wait for the mice to fall into the trap. The bars of the trap are made of galvanised steel, to ensure a long service life.

Reference	Description	Gencode
129800002	L 23 x 14 x H 10,5 cm	3700393964718

 **USP :** The rectangular trap is easier to stack in store.

SUPERCAT MOUSE TRAP

Its exclusive patented design prevents the trap from closing until the mouse has entered. The bait used is a non-toxic product that is highly attractive to mice. Simple push-button operation. Hygienic, no-touch mouse release. No springs or snap-shut jaws. Safe for children, elderly persons and pets. Suitable for indoor and outdoor use. Bait refill available. Does not kill.

Reference	Description	Gencode
129808	Shelf display x 6 	7640104970804
129808010	Bait refill x 6 	7640104970903 

ULTRASONIC RODENT REPELLENT

Ultrasonic rodent repeller continuously emitting high-frequency sound waves that drive mice and rats away. Simple and safe to use. The sound waves are inaudible to humans. Designed to repel most rats, mice and other pests. Environmentally friendly: no chemicals or poisons. Mains operated.

Reference	Description	Gencode
129816001	Small model - 15 m² 	7640104972402 
129816002	Large model - 30 m² 	7640104972273 

WIRE TRAP

Wire trap Ø 13 cm or 17 cm, ideal to capture mice or rats. Very easy to use. Simply place bait on the trigger and open the wire trap to set it. Once set, it should be circular in shape. When the animal takes the bait, the trap closes to capture it.

Reference	Description	Gencode
129701113	13 cm 	3338020089765
129701117	17 cm 	3338020081752

 **USP :** Works for mice and rats References.

SUPERCAT MOUSE TRAP

Natural ready-to-use bait: The bait used is a non-toxic product that is highly attractive to mice. The bait keeps for 3 to 6 weeks once opened.
Extraordinarily high capture rates: Thousands of users have reported huge numbers of animals captured in a short space of time.
Swiss design: powerful spring mechanism.
Hygienic: no-touch disposal of dead rodent. Child-safe. The snap-shut jaws are designed to kill mice, but not harm children or pets.
Suitable for indoor and outdoor use. Reusable and recyclable.

NO SEE NO TOUCH MOUSE TRAP

The SWISSINNO No See No Touch mouse trap rids you of mice safely and hygienically. The patented trap system means the user does not have to see or touch the dead animal.
This trap has proved itself to be more effective than other products on the market thanks to the use of 100% natural bait. Bait refill available.

Reference	Description	Gencode
129809	Mouse trap	7640104972808
129808010	Bait refill x 6	7640104970903

CLASSIC MOUSE TRAP

The SWISSINNO Classic mouse trap is the perfect tool to rid you of rodents in total safety.
FSC-certified wood (Forestry Stewardship Council). This logo guarantees consumers that the wood used is from ecologically managed forests. Highly efficient thanks to its hammer, its bait hook and a powerful spring.

Reference	Description	Gencode
129813024	Shelf display 24 x 2	7640104977186

FSC WOOD MOUSE TRAP

The mouse trap platform is made of FSC-certified wood (Forestry Stewardship Council). This logo guarantees consumers that the wood used is from ecologically managed forests. Suitable for indoor and outdoor use. The patented hold-down mechanism makes for a trap that is easy and safe to use. Swiss design with powerful spring for efficient capture. The specially shaped bait holder facilitates setting of the trap (use cheese, bacon, chocolate, etc.).
The equal distance between the round flap and the bait ensures the rodent is caught every time.

Reference	Description	Gencode
129811060	Shelf display 60 x 1	7640104975830
129811024	Shelf display 24 x 2	7640104977803

RAT TRAP WITH WOODEN BASE 28 CM

Ideal cage rat trap for use with bait. Very easy to use. Simply open the hatch of the trap, place some bait inside and place the trap in an area where rats are present. The rat, lured by the bait, enters the cage and it closes behind it. It will be trapped alive. You can then release it elsewhere. The trap's wooden base ensures optimum rigidity and reassures the animal! Also works with mice.

Reference	Description	Gencode
129806001	28 cm	3338020080274

Tips : You use use as bait to trap mice and rats: cheese, fruit, bread, dry dog or cat food, chocolate, small pieces of meat.

RAT TRAP 40 CM

This cage rat trap is ideal for capturing more than one rodent (rats and others) at a time. Easy to use. Simply place some bait in the back of the cage, which is accessible through a door. You can then place your trap in the desired location and wait for the mice to fall into the trap. This 40 cm trap is large enough to capture one or more live rats at the same time. No poison is involved, so it is safe for children and pets and can be used anywhere in the house, garage, attic or any other location. The bars of the trap are made of galvanised steel, to ensure a long service life.

Reference	Description	Gencode
129806	40 cm	3338020078622

RECTANGULAR RAT TRAP 41CM

This leghold trap is ideal for capturing rats, dormice, etc. Easy to use. Simply open the trap hatch at the back and place some bait in the middle of it. Then place your trap in an area where the pests are present. The rat is lured in by the bait, enters the trap via the anti-return passage and is trapped alive. You can then release it elsewhere. The bars of the mouse trap are made of galvanised steel, to ensure a long service life.

Reference	Description	Gencode
129806003	L 41,5 x 23,5 x H 17 cm	3700393964732

Tips : The advantage of the rectangular trap? It's easier to stack in store.

LEGHOLD TRAP FOR RATS

Leghold trap for rats, ideal for catching rats, dormice, garden dormice and other pests inside buildings or enclosed properties. It is the ideal solution to guarantee successful capture. For use inside buildings.

Reference	Description	Gencode
129700001		3338020078479

Tips : Set the trap, taking care to protect your hands. Do not forget to put on the safety catch when setting the trap. Place some bait in the middle to increase the chances of capture. If the jawed rat trap has not caught anything after a few days, move it to a different location or add some food. Remember to tie the trap down to prevent the rodent from moving it if it is only partially caught in it. After capture, clean the trap with soapy water. It will then be operational for repeated use.

SUPERCAT RATS TRAP

The bait used is a natural non-toxic product that is highly attractive to rats. Powerful spring mechanism. Hygienic no-touch disposal of dead rodent. The snap-shut jaws are designed to kill rats quickly. Suitable for indoor and outdoor use. Reusable thanks to the bait refills. Nail to the ground.

SUPERCAT PRO RAT TRAP

A smart trigger mechanism combined with a powerful hammer-blow killing system are the main features of the SUPERCAT PRO rat trap. This system eliminates rats quickly, reliably and in a species-relevant way. Rodents are attracted by a natural bait that contains neither poison nor chemicals. This rat trap already meets forthcoming European standards and stands out as a pioneering product in humane pest control. The dead rats can be disposed of easily without having to touch them. To do this, simply hold the trap and press on the back of the top flap. Natural bait included.

OUTDOOR ULTRASONIC REPELLER

The SWISSINNO ultrasonic animal repeller deters mice, rats, cats, dogs, foxes and other undesirable visitors using powerful ultrasound. Effective protection up to a distance of 10 metres within a 120° angle. Covers an area of about 100 m². The repeller is equipped with a solar panel to recharge its AA rechargeable batteries (not supplied).

Reference	Description	Gencode
129816003	Ultrasonic repeller	7640104972310

ANTI-MARTEN DEVICE FOR CARS

Installed in the engine compartment of a vehicle, this system repels martens, weasels etc. using a combination of aggressive ultrasound and high-voltage electrical discharges. Effective against pine and beech martens, dormice, otters, badgers and ferrets.
 A loudspeaker integrated into the control box emits ultrasonic pulses in series, which are constantly modulated at frequencies between 23 and 27 kHz. Eight stainless steel plates are placed on the parts in the engine compartment that are liable to be attacked (hoses, tubes, pipes, electric wires) and they are subjected to a 250V voltage from the control box. Inaudible to humans. Does not harm the animals.

Reference	Description	Gencode
129817	Anti-marten device for cars	7640104972358

VOLE TRAPS

Easy-to-use, highly effective vole trap.
 Can be used in any direction in the tunnel. No danger to users or pets.
 Reusable.

**MOLES
& SLUGS**

14 Moles
 16 Slugs

PUTANGE MOLE TRAP

The Putange mole trap has been used by professional mole trappers for decades. It is effective and kills the animal instantly. Choosing the Putange mole trap means choosing durable, economical and ecological solution. 2 traps must be installed in each tunnel, one in each direction.

Reference	Description	Gencode
129710010	Sold in pairs	3338020078486
129710011	1 setting key	3338020078547
129710012	1 pair of setting pliers	3338020078554
129710013	Triggers in packs of 10	3338020078561

Tips : Carefully place the traps in the tunnels and secure them with a strong rod.

HAND MOLE TRAP

This trap is set by hand and can be reused ad infinitum as long as you have a trigger to hold the trap open and ready. This trap is used without a setting device. When the mole pushes against the trigger (a small metal frame that holds the trap open and ready), it trips the spring and finds itself trapped between the two jaws. An effective trap, economical and very easy to use in your fight against moles!

Reference	Description	Gencode
129710020	Sold singly	3338020078493
129710013	Triggers in packs of 10	3338020078561

Tips : Let your trap rust before you use it, moles have a keen sense of smell.

SINGLE RIVET MOLE TRAP

The single rivet mole trap is very simple to use. It is set by hand. A very effective way to rid your garden of moles. Place a trap at each end of the tunnel. Insert the trigger between the jaws.

Reference	Description	Gencode
129710030	Sold in pairs	3338020078509
129710031	Triggers in packs of 10	3338020078578

DOUBLE RIVET MOLE TRAP

Double rivet mole traps are a highly effective way to eradicate moles once and for all! Easy to use, high quality!

Reference	Description	Gencode
129710040	Sold singly	3338020078516
129710041	Triggers in packs of 10	3338020078585

TUNNEL TUBE MOLE TRAP

Allows the capture of a live mole thanks to an anti-return flap that closes behind the mole once it has entered inside the trap and prevents it from getting out. Simple to use. Simply place the tube mole trap in a tunnel used by animal, then close it again. The mole enters the tube and cannot get out again. You can then release it elsewhere.

Reference	Description	Gencode
129710050	Sold singly	3338020078523

BAVARIA TYPE MOLE TRAP

The Bavaria-type mole trap is simple to use and very effective. Very easy to install - no tools required. Bavaria-type mole traps come in packs of 2 to maximise your chances of capture.

Reference	Description	Gencode
129710060	Sold in pairs	3338020078530

Tips : Rub your gloves in the soil so that you do not leave your odour on the device.

SOLAR MOLE REPELLER

Emits sequential vibrations that disturb the moles. Easy to set up in: just plant in the ground. Ergonomic design: easier to push into the ground Ideal for gardens, lawns, sports grounds and golf courses. Effective over an area of a about 650 m². Harmless to your family, pets, the environment, earthworms and insects in the ground. Perfectly waterproof.

Reference	Description	Gencode
129710	Solar mole repeller	7640104977049

SUPERCAT MOLE TRAP

Quick and easy to use. Traps moles entering on both sides of the trap. The handle wings are lowered when a mole has been trapped, allowing you to monitor the trap from a distance.

Reference	Description	Gencode
129818	Mole trap	7640104972341
129804004	Planter and probe accessories x 4	7640104975809

**FLYING
INSECTS**

- 18 Flies & Mosquitoes
- 23 Wasps & Horseflies

STYLE INSECT KILLER

This insect killer uses a specially treated UV-A light to attract mosquitoes and flies. Coverage: 80 m². Powerful, silent fan. No electric grid. High-power LED tube, highly attractive to insects. Ultra long tube life: up to 20,000 hours. Fire-resistant ABS plastic for maximum safety. With its anti-escape system, insects have no way out. Removable collection tray for easy cleaning. No high voltages, safe to use. Suitable for home use in bedrooms, living rooms, etc.

Reference	Description	Gencode
129510	5W LED - 80 m²	3700393918209 

✓ USP : Product design, elegant for indoor use

INSECTS KILLER IPX 4 360°

This insect killer uses ultraviolet light, which attracts flying insects to the active area of the device. The UV tubes are protected by a plastic film that makes the glass more resistant. It keeps the glass in place if the tube is broken. There is an electrified grid in front of the light tubes. When an insect comes into contact with this grid, it is immediately and hygienically killed. It drops into the collection tray. The insect killer is class IPX4 . It is therefore splash-proof and rain-proof. A real plus to protect you from insects! 360° opening for a better insect attraction zone. This means insects are attracted across a wider area. This insect killer's 360° attraction power is a real bonus! The device is environmentally friendly as it uses no toxic products. For indoor or outdoor use. For use in the home, restaurants, farms, stables or even on a large patio. Comes with a hanging system. 3 models are available; 16W, 30W and 40W, with a respective coverage of 100 m², 120 m² and 140 m².

ROLL OF FLY PAPER

Classic, effective product. Flies are lured onto the natural attractant and trapped on the sticky paper. The old solutions are the best!

Reference	Description	Gencode
129562	Sticky fly paper	4260059616508 

DID YOU KNOW?

3 main species of flies are found on livestock farms: the housefly (*Musca domestica*), the lesser house fly (*Fannia canicularis*) and the stable fly (*Stomoxys calcitrans*). The fly cycle from newly laid egg to adult lasts from 3 to 4 weeks. Flies are carriers of diseases (myiasis, dermatitis, etc.) and have effects on animal health and production. 50 flies on the back of a cow can reduce its milk production by 50% and its weight by 25%.

STICKY FLY TAPES

Sticky fly tapes 7 m or 9 m in length, free of chemical residue or powder. Thanks to its strong, instant attractiveness, the Sticky fly trap is a formidably effective way of trapping all the flying insects that touch it. It is thanks to its patterns that the Sticky fly tape is so effective. Its 30 cm width provides a large surface area that flies can easily land on. The Sticky fly tape can be hung virtually anywhere thanks to its metal hanger.

Reference	Description	Gencode

129640009	9 m - Sold singly	3700393937910 

STICKY FLY STRING KIT

This complete anti-fly kit is the perfect way to get rid of flies quickly and for good! With its 300-metre long sticky fly string, you will maximise your chances of capture! The kit also includes an unwinder so that you can simply and quickly unwind your string for installation in seconds. This anti-fly string is for use in all types of locations, such as livestock buildings, chicken coops, barns or even warehouses. It is recommended that the string only be used indoors to avoid trapping small birds.

With string

STICKY FLY RIBBON KIT

This complete anti-fly kit is the perfect way to get rid of flies quickly and for good! With its 400-metre long, 0.5 cm wide ribbon, which is sticky on both sides, you will maximise your chances of capture! The kit also includes an unwinder so that you can simply and quickly unwind your ribbon for installation in seconds. Complete sticky ribbon kit designed to trap flies in all types of locations, such as livestock buildings, chicken coops, barns or even warehouses. It is recommended that the ribbon only be used indoors to avoid trapping small birds.

FLY BUCKET

Reduces fly nuisance on the farm and around the house with up to 90% • traps many flies before emptying is necessary • easy to clean The Fly Bucket 12 L is an ideal product to trap stable flies and house flies. This is how it works: Empty the bag with 240 grams of insect attractant (bag is included). We advise wearing gloves for this. Add 6 litres of water, and let the insect attractant mix well. Close the bucket with the lid. When the day turns into night and flies search for a sleeping place, they are drawn to the buckets by the attractant and will enter through one of the six special cones. Once inside the bucket, the insect is not able to get back out. The product is active for 30 to 60 days. When it is no longer working or if the bucket is full of flies, it is possible to scoop out the content and start again. The product has a volume of 12 litres and is easy to clean and re-use when it has filled up with flies.

NATURAL CONTROL FLY TRAP

The impressively effective Natural Control fly trap is specially designed for use outside, but can also be used indoors. Can be composted. Place in the sun. The trap is supplied complete with a natural bait made from food protein that has a strong power of attraction for all kinds of flies. Contains no chemicals. Flies are irresistibly attracted by the trap. Once inside, the shape of the trap prevents them getting out again and they are trapped. You can choose to hang the trap or stand it on a flat surface! Ideal for use outdoors: garden, courtyard, play area, patio, kennel.

LED PREMIUM INDOOR INSECT DESTROYER

Flying insects (flies, pantry moths, mosquitoes) are attracted by the ultraviolet light and immediately killed by the high-voltage grid. Dead insects drop into the collection tray, which is easily removed for emptying and cleaning. The ultraviolet light is safe for humans and pets. Compared to a fluorescent lamp, a LED uses half the power (watts) to generate the same light output (lumens) and has a much longer lifespan. The high-voltage electric grid is a new design that greatly increases the capture rate. It meets all CE safety requirements.

NATURAL CONTROL WASP TRAP

Wasp trap with natural, chemical-free bait, for use outdoors and inside buildings. With bee repellent. Wasps are lured inside the trap by the natural bait. Can be composted. Place in the sun. The shape of the trap prevents them getting out again. Placed near a table, it stops you being disturbed by wasps, hornets and Asian hornets while you are eating. A natural, but formidably effective trap.

BIRDS & PIGEONS

- 25 Birds
- 26 Pigeons

MAGPIE AND CROW TRAP

Formidably effective and operational as soon as it is installed. Can be used in particular to capture decoy birds for magpie or crow cage traps. Simply bait according to the species you wish to catch with eggs, seeds, bread, fruit, etc. The bird is trapped when it comes to take the bait: it is not injured or killed and can be released if necessary. Do not use meat as bait.

Reference	Description	Gencode
129703011	Small model 42 x 42 cm	3338020081813
129703010	Large model on a post 75 x 80 cm	3338020081806

CROW CAGE TRAP WITH PERCH

Size suited to corvidae. The entry doors are oversized, making it particularly effective. Supplied with perch and central decoy bird compartment. 3 compartments.

Reference	Description	Gencode
129703030	92 x 31 x 31 cm	3338020083824

Tips : It is the responsibility of the consumer to comply with applicable regional or national legislation relating to the use of these products and to trappable species.

OCTAGONAL MAGPIE CAGE TRAP

This very effective trap is used with a central decoy bird that attracts other birds of the same species. 4 entries around the periphery. Hatches close with a tilting perch system. Allows the bird to fly around the trap to find the entrance. The octagonal shape guides the magpie towards the entrance which is most visible to the bird (prevents the bird flying round without entering the trap). Entirely powder coated. Welded wire mesh. Wire thickness 1.8 mm. Also suitable for crows.

Reference	Description	Gencode
129703002	30.5 x 100 x 88 cm - 4-entry octagonal magpie cage	3700393971501

Tips : Place your cages in an open space, avoiding trees. Look after your decoy bird (water + food) because it is essential for this trap to work. If you have no luck with your decoy bird, don't hesitate to replace it. In the Haut-Rhin region of France a Prefectoral order dated 27 June 2017 removed the Eurasian magpie from list of species classified as harmful (List II).

5-ENTRY ROUND CAGE TRAP

Works with a central decoy bird that attracts members of its own species towards the drop-down doors around the edge of the trap. 5 entries around the periphery, with doors triggered by a tilting perch system. This cage will capture large numbers of birds, especially in spring, the period of reproduction and birth. Ø: 80 cm. Height: 32 cm.

Reference	Description	Gencode
129703001	32 x 80 cm	3338020087785

VERBRUGGE GAS CANNON BIRD SCARER

Device with double gas injection and a housing protecting the mechanism. Protects an area of 1 to 4 hectares depending on the terrain and vegetation. Piezoelectric ignition system for about 200,000 detonations. Interval regulator to set detonations at intervals of from 30 seconds to 30 minutes as required. Propane fuel only. One bottle provides approximately 25,000 detonations. Can be fitted with a timer for more flexible use of the gas cannon.

Reference	Description	Gencode
129703600	Quatz gas cannon	4014803700735

👍 **Tips :** Ideal for protecting field crops during sowing and before harvesting (maize, peas, sunflowers, cereals, vines, etc.). Scares away birds and protects your fruit crop.

PIGEON SPIKES

Made of solid UV- and weather-proof polycarbonate, strong, rigid and long-lasting. Can be used wherever birds land or nest: ledges, sills, cornices, signs, beams, roof perimeters, gutters, pipes, steeples, street lights, air conditioners, etc. Supplied in 33 cm strips. Easy to install with silicone adhesive (included with the 300 cm pigeon spike pack).

5 year warranty

UKAL

WILD
ANIMAL
CAGE TRAPS

SINGLE-ENTRY CAGE TRAP WITH SLIDING DOOR

62, 82 or 127 cm long cage trap, ideal for capturing rats and beech and pine martens. It has one entrance with a drop-down door. Robust, but lightweight, this trap is easy to transport with its integrated carrying handle. The trigger plate at the end of the trap is ultra-sensitive, which ensures that the animal cannot get out again once the door has dropped. The 127 cm cage has a compartment for live bait. Irresistible to predators. This cage trap features a fast-closing sliding door, for safe and easy manipulation of the trap. Very effective and totally harmless, it can be used anywhere (woodpile, barn, chicken coop).

Reference	Description	Gencode
1297021254535	Sold singly - 127 x 36 x 47 cm - 1 door	3338020081769
12970213030	Sold singly - 82 x 32 x 31 cm	3338020078356
1297021602020	Sold singly - 62 x 21 x 21 cm	3338020080021

DOUBLE-ENTRY CAGE TRAP WITH SLIDING DOORS

Category 1 trap. This 64, 103 or 130 cm long cage trap is ideal for capturing foxes (103 and 130 cm), beech martens, rats and any other mustelids. It has 2 doors and is ideally placed on a path frequented by the pest. The animal will walk through it and be captured when it steps on the ultra-sensitive trigger plate. Make sure you block up any other passages so that the animal is forced to walk through the trap. Scented bait is recommended. Includes a carrying handle. The cage trap can also be used with just one door open, by placing some bait at the far end of the cage. Very effective and totally harmless, it can be used anywhere (woodpile, barn, chicken coop).

12970224535	Sold singly - 130 x 36 x 47 cm	3338020078394

 **Tips :** It is the responsibility of the consumer to comply with applicable regional or national legislation relating to the use of these products and to trappable species.

1-ENTRY COYPU CAGE TRAP

Category 1 coypu trap, size 82 x 31 x 31 cm. The unique bait rack ensures the bait is highly visible, so that the trap is even more effective. The epoxy-painted door is invisible to the animal when open. The Ø 2.6 mm wire mesh prevents the trap rusting whilst allowing it to blend in with its surroundings. Even if placed at the water's edge, it will keep its appearance and effectiveness for many years.

Reference	Description	Gencode
1297021823030	Sold singly - 82 x 31 x 31 cm	3338020081776

2-ENTRY CAGE TRAP WITH INVISIBLE DOORS

Cage trap with a revolutionary setting system designed in the USA that makes the doors virtually invisible to the animal, thereby increasing the chances of catching the fox, marten or any other animal of a similar size. This trap has 2 doors and is ideally placed on a path known to be used by the pest. Simple to use, this cage trap can be set in seconds. It is easily transported thanks to its carrying handle. It is robust and of superior quality. The wild animal cage trap's steel doors are coated with green epoxy paint.

Reference	Description	Gencode
12970222222	Sold singly - 80 x 19 x 19 cm	3338020078370
12970222523	Sold singly - 102 x 30 x 21 cm	3338020078400
12970223030	Sold singly - 127 x 26 x 26 cm	3338020081783

CAGE TRAP WITH SLIDE - RAT TRAP

This compact, easily handled cage trap is ideal for capturing rats. Its 19 x 19 mm mesh is perfect to ensure the animal is not injured and cannot escape once captured. Sturdily made, it will resist any weather thanks to its green epoxy paint finish. It will also blend into any environment with no difficulty. Available in versions with 1 or 2 doors. Lightweight and easy to transport thanks to its integrated handle, you can take this trap anywhere. With it you can trap easily, quickly and for a long time to come!

Reference	Description	Gencode
129701502020	Sold singly - 50 x 20 x 20 cm	3700393963315
129702502020	2 doors - 50 x 20 x 20 cm	3700393963322

WEASEL BOX

This trap does not necessarily need to be baited, as the animal will generally enter out of curiosity. This type of trap is harmless and effective. It can be placed anywhere (woodpile, barn, chicken coop, etc.). It is a very selective trap: it only lets in the smallest animals. The system is simple: when the animal enters the trap, the trigger plate tips forward, the anti-return system activates and prevents the trigger plate tipping back again, ensuring the animal is a prisoner in the cage.

Reference	Description	Gencode
129704003	Sold singly - 49 x 6 x 8 cm	3338020078431

 **Tips :** Soak the box with a scented liquid bait. This will make the trap more attractive and increase the number of catches. The entrance of the box must not be raised off the ground, but level with it.

RABBITS TRAP

This trap can be useful if you need to catch rabbits in one place to release them in another. Even used alone, you will get good results because the tilting door requires no surveillance. Once inside, the animal cannot go back out as the door closes behind it. The rabbit is caught alive and unhurt. It can be released elsewhere. Length: 81 cm. Ø: 13 cm.

Reference	Description	Gencode
129704001	Sold singly - Ø 13 x 81 cm	3338020078424

 **Tips :** It is the responsibility of the consumer to comply with applicable regional or national legislation relating to the use of these products and to trappable species.

UKAL

TRAPS FOR LICENSED TRAPPERS

TRAPS FOR LICENSED TRAPPERS

SNARES

For foxes only. The very flexible wire and its irreproachable slide are indispensable to facilitate capture. This snare has a latest-generation anti-return feature which prevents the snare re-opening once it is closed. It also has an end stop. The very thick cross-section of its swivel ensures solidity after capture. The stop (crimped) on the wires is crushed steel and not aluminium (non-shiny at night). The snare has a tag to engrave the trapper's number. Ideal for capturing foxes.

Reference	Description	Gencode
129704100	10 white snares / Ø 1, 6 mm	3700393938450
129704101	10 black snares / Ø 1, 6 mm	3700393938467
129704201	10 black snares / Ø 2 mm	3700393938481
129704300	10 white snares / Ø 2,3 mm	3700393938498

BAITED FOOHOLD TRAP Ø 30 CM

Baited foothold trap, sometimes called a kill trap, 30 cm in diameter, ideal to capture foxes and beech martens quickly and easily. Simply place the bait of your choice in the trap, set it and wait for the pest to be caught. Sturdily made and painted by cataphoresis to limit rusting and reduce the odour of human beings. This is an ideal trap to rid a roof space of beech martens or protect a chicken run from foxes or martens. It is easily set and you'd be surprised at how effective it is. Use this baited trap to capture pests like beech martens and foxes with ease! The mechanical parts are laser cut for greater stability and reliability.

APPROVAL NO. PHE 608

Reference	Description	Gencode
129700009	Sold singly	3338020082483 

 **Tips :** Like an egg trap, use this trap in a cage in which both entries are the same size as the animal. In the garden, limit the size of the opening with stakes or stones in order to only let in the animals you want. No meat bait visible from the sky.

SAFETY SYSTEM FOR CONIBEAR TRAPS

This safety system is specially designed to safely set conibear traps of all sizes. Don't risk injury any longer and set your traps in just seconds with this safe system. Can be used on all conibear traps.

Reference	Description	Gencode
129701020	Setting tool for conibear traps - Sold singly	3338020078349 
129701021	Simple setting key for conibear traps - Sold singly	3338020081745
129701022	Safety system - Sold singly	3338020082506

CONIBEAR TRAP

The conibear trap is compact and easy to transport. It has a powerful spring as well as a multi-position trigger. The sensitivity of the trap is adjusted by changing dog notches. Consists of a rigid, hand-riveted frame. You will be surprised by the quality of manufacturing of the device. Is used with bait placed on the trigger or in the cage, which directs the animal and increases the chance of capture. Its use is prohibited on regular animal paths. It is very effective in a small garden, in bales of straw or burrows. As it is not selective, it is prohibited in areas where multiple animals pass through.

APPROVAL NO. PHE G664

Reference	Description	Gencode
129701001	1 trap with 1 spring - 13 cm 	3338020078318 
129701002	1 trap with 2 springs - 13 cm 	3338020078325 
129701003	1 trap - 18 cm 	3338020078332 

EGG BAIT FOOTHOLD TRAP FOR BEECH MARTENS

Category II trap. For capturing beech martens in particular. Designed to be set up indoors (hen house, barn, roof space) or outdoors, where it will be covered with straw or leaves to make it look like a nest. This type of trap is triggered when the animal removes the bait. It features a safety device, which it is preferable not to forget to use. The mechanical parts are laser cut for greater stability and reliability.

APPROVAL NO. PHE 609-610

Reference	Description	Gencode
129700010	25 cm	3338020078288 
129700011	30 cm	3338020081714 

 **Tips :** Loosen the trap two hours after sunrise, unless placed in a garden or container where the egg cannot be seen (recommended as it avoids handling the trap). Lay the egg flat.

BELISLE TRAP

The Belisle is commonly used to capture foxes. This trap allows the pest to be caught safely thanks to the lace that tightens when it places its paw in the trap. Safety device and setting wedge included in the trap..

APPROVAL NO. PHE 804

Reference	Description	Gencode
129700020	Sold singly	3338020078295
129700022	Spare wire	3338020078301

 **Tips :** It is the responsibility of the consumer to comply with applicable regional or national legislation relating to the use of these products and to trappable species. Caution: All of these traps can seriously injure or kill pets. They must only be used by authorised persons. Keep out of the reach of children. Always store traps unset.

FRENCH-STYLE LEGHOLD TRAP

Category IV trap: permit required. Traps must be checked within two hours of sunrise. The French-style leghold trap is a trap with a large trigger plate which improves the capture rate, and wide, hard-rubber lined jaws for a good grip of the leg. For use only by licensed trappers. Supplied with a lace. Trigger sensitivity adjusted by a Teflon screw and washer. The mechanical parts are laser cut for greater stability and reliability.

APPROVAL NO. PHE 819

Reference	Description	Gencode
129700025	Sold singly	3338020081738 
129700022	Spare wire	3338020078301

 **Tips :** Use of the trap pre-baited in a sand pile usually gives good results. Liquid baits are widely used with this kind of trap.

STEEL DOUBLE SWIVELS

Double swivels made of steel with a thick cross-section. Mandatory for all traps. Not to be confused with the single swivel (non-regulatory).
